

ISHAAN AGARWAL

Management Consultant at Deloitte | Electrical Engineering Graduate

SUMMARY

Consulting professional with 2.5+ years of experience in technology, analytics, product, and project management. Enthusiastic about building innovative solutions with the union of my:

- proven experience in managing people and technology
- technical education, certifications, and trainings
- passion for visual design to create seamless user experiences

EXPERIENCE

Management Consultant Sept 2022 - Current
Deloitte Toronto, ON

- Managed critical enterprise integration projects during the largest telecom merger in Canadian history including: aligning strategy with client executive leadership, developing integrated project plans, and managing onshore and offshore technical teams to meet delivery goals
- Wrote, reviewed, and presented key components of a proposal in response to a large government agency RFP for an 8-year organizational modernization program

Strategy and Innovation Analyst Intern Jun 2020 - April 2021
Deloitte Toronto, ON

- Launched and executed product management framework to innovate the approach taken in building out AI solutions for clients. Responsible for establishing the business intelligence infrastructure to generate insights and drive strategy for each of the products. Resulted in an upscale of product portfolio by 15x in 12 months
- Established Product Manager forums to educate and empower consulting practitioners with best practices on topics across the product lifecycle, such as building road maps and using Tableau dashboards

Client Portfolio Analyst Intern May 2019 - Aug 2019
Deloitte Calgary, AB

- Collaborated with partners and market-leaders to identify high priority areas in client relationships and provided actionable strategy using data-driven insights/predictive analysis of market landscape
- Executed workflow optimizations for data management processes including automation of periodic reporting to improve turn-around time of KPIs by 90%

Engineering Intern May 2018 - Aug 2018
Exergy Solutions Calgary, AB

- Led presentation at Canada's Oil Sand Innovation Summit inspiring industry professionals to use 3D printing technology as a sustainable tool to accelerate the prototyping process while reducing emissions
